

# ONE SMALL TOWN

WHY

INFINITY TOKENS?

**One Small Town**  
IS CHANGING THE WORLD

February 2024

# USING TOOLS OF ENSLAVEMENT AS TOOLS OF LIBERATION

The series of OST asset-backed tokens are the tools that enable us to reach the One Small Town vision.

These community tokens empower OST members from all walks of life, to benefit directly from the OST businesses and community activities.

INFINITY is the first cornerstone token – Other INVESTOR tokens will follow, for each OST business we will launch.

# INFINITY TOKEN

It is called “**INFINITY**”, because the potential for growth, prosperity and abundance of the ONE SMALL TOWN initiative is truly infinite.

INFINITY Token is the official reward system for OST members worldwide.

One token represents 3 hours of time contributed to OST projects or businesses.

**INFINITY** levels the playing field  
Every member's TIME is valued equally

# MEMBERS

- Anyone can become a member of the ONE SMALL TOWN initiative.
- You **don't have** to live in an **active** OST to be a member.
- It does not matter where you live – we encourage people everywhere to become members and spread the word.
- Just sign up on our website now - <https://www.onesmalltown.org/>
- Only members who live in active OSTs are required to contribute their minimum of 3 hours per week – to receive their INFINITY tokens and other benefits like cash distribution from our businesses.
- Other OST members can buy INFINITY tokens on our OST Platform. Members can use their tokens in any way they choose, within the OST community.

# Why is INFINITY so Special?

- INFINITY is a unique **asset-backed** community token
- Supported by our own work and contribution of time to our own businesses and community projects
- INFINITY is used by all members in all ONE SMALL TOWNs worldwide
- Tokens are held in your OST Digital Wallet linked to your OST account
- Tokens cannot be lost or stolen from your digital wallet

# Receiving INFINITY Tokens

- Members receive ONE INFINITY token for contributing 3 hours of time
- Members must contribute a minimum of 3 hours per week to benefit from all the OST activities and net profit share distributions from OST businesses
- Members can earn additional Tokens by contributing more time – 3 hours every day if they have the time and if there are projects available to contribute towards

# Skills Training & Rewards

- Members who teach special skills in the OST skills training projects will receive ONE INFINITY token for every 3 hours of training they teach.
- Members who attend skills training workshops will earn ONE INFINITY token for every 3 hours of training they attend.
- OST wants to encourage our experts to teach their skills, and our members to attain new skills.
- We intend to establish a special skills training facility for every OST business we start.
- We will reward our people for learning new skills – not charge them for it. A skilled community, is a productive & happy community.

# Using Your INFINITY Tokens

- Members can send their tokens to any other member with an OST digital wallet – Instantly and free of charge.
- Tokens can be traded between members for items of value like food, fridge, tv, etc.
- Tokens can be placed for sale on the OST trading platform – to a willing buyer.
- OST members can trade their INFINITY tokens for items available at the OST Stores, when they become available.
- Members may trade their unwanted food or other goods for INFINITY tokens at the OST Store too.

# New Contribution Opportunities

- 👤 Towns with active projects and businesses will have many opportunities for members to participate and contribute their time.
- 👤 New contribution opportunities are being developed
- 👤 Members will soon be able to offer their skills or services online and receive ONE INFINITY token for every 3-hour service.
- 👤 These services may be delivered to the OST office or other members.

# INFINITY TOKENS as SEED CAPITAL

- ONE SMALL TOWN is a community development Start-up.
- All start-ups need funding.
- OST issued 24 million INFINITY tokens as a our SEED funding drive.
- 24 Million INFINITY tokens were issued to sell to OST supporters and members to raise the funds necessary to launch OST successfully in as many places as possible.
- Once these 24 million tokens are sold, no more INFINITY tokens will be available for sale from the OST office.
- The only INFINITY tokens available at such a time, will be from members who choose to sell their INFINITY tokens.

# INFINITY and FIAT CURRENCY

- INFINITY tokens do not replace ordinary money in our towns.
- INFINITY token is a private membership reward system that works alongside existing money to help improve the lives of the people in our communities.

# OST TRADING PLATFORM

- INFINITY and other future OST tokens are only sold on our PRIVATE membership OST Trading Platform.
- INFINITY will never be available on open trading platforms that trade cryptocurrencies and other commodities.
- All current and future OST tokens are held in your OST Digital Wallet.
- The OST trading platform works with smart contracts and advanced encrypted technology.
- The VALUE of INFINITY is set on the last day of every month by our special algorithm.

# LAUNCH VALUE OF INFINITY TOKEN

- The original true value of INFINITY was based on the average hourly wage in the USA at the time of calculation.
- The value was calculated to be \$40.00 for 3 hours of labour.
- INFINITY token was launched at \$1.00 to make it attractive to members and supporters who want to benefit from the future increase of the token price.
- The \$40.00 value is based on 40,000 members contributing 3 hours per week of their time to OST projects.
- This means that the value of INFINITY will grow every month towards the \$40.00 mark, as new members sign up and contribute their time and skills in various ways.
- What happens to the price after this point depends on the demand and success of OST initiative.

# OST ALGORITHM

## Calculating INFINITY Value

- The ongoing trading value of the INFINITY token is determined by a special algorithm that was created by the OST coders and developers.
- The algorithm is activated on the last day of every month and the price is adjusted on the website and OST Trading Platform.
- The algorithm takes into account the following parameters:
  - the number of members
  - the number of active members
  - the potential of time contribution available from existing members
  - the total time contributed by members towards OST projects and other activities like specialised services, etc.

OST INFINITY TOKENS are traded only on the OST trading platform, where people place their tokens for sale at a specific price and a willing buyer offers to buy them.

We never guarantee to sell tokens on behalf of the holder.

This means that:

- we do not need large cash reserves like other trading platforms;
- we are not restricted by regulations like other open public trading platforms.

No one can crash the value of the INFINITY token by dumping tokens on the OST Trading platform.

There is always a minimum price for INFINITY token sales;

Maximum price is determined by the seller and buyer and demand for tokens at the time;

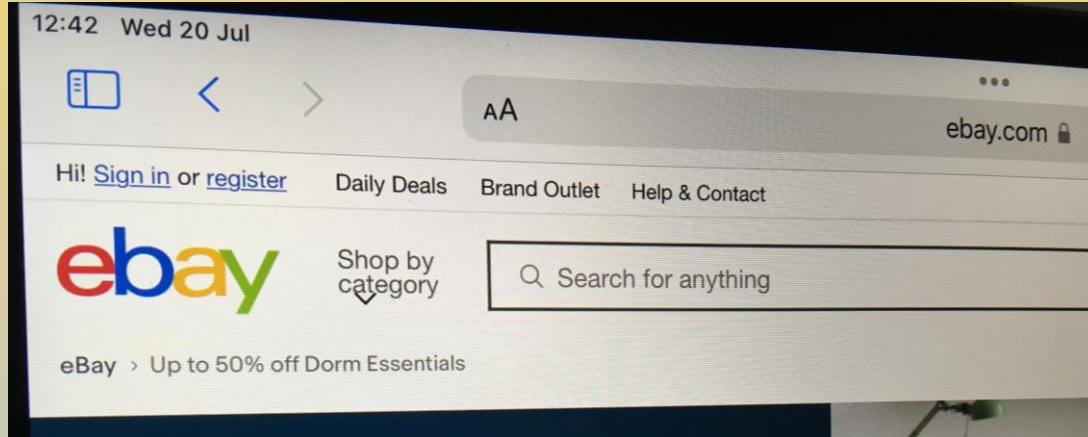

After the first 24 million tokens are sold, the only tokens available for sale, will be tokens offered for sale by other members.

We cannot allow reckless and volatile trading that takes place on open crypto trading platforms to undermine the value of our OST members' time contributions and sweat equity of 3-hours that produces each INFINITY token.

This is why all OST tokens are only sold on the OST platform.

INFINITY tokens have real value – from real human sweat equity.

Our trading platform works like E-Bay - goods are exchanged for money.

The OST token holder can decide when, or if, they want to sell their tokens - and they determine its price. A minimum price is always applicable based on the average selling price.

As of March 2024, have sold more than 1,5 million INFINITY tokens showing that there is a growing interest in OST.

There is no other token like INFINITY in the world,  
underwritten by sweat-equity that determines its value

The OST tokens are tools to help us implement the OST  
vision and help people everywhere to create prosperity and  
abundance in their communities
